February 13, 2014

Ladies and Gentleman,

Timber Measurements Society, Intermountain District, will be sponsoring the **49th Annual Scale School** on March 20 and 21st. We are happy to announce that Russ Carrier and Russ Hogan will be our class instructors again this year. Russ Carrier is a check scaler for Potlatch and has 27 years of experience. Russ Hogan is the director of the Idaho Board of Scaling Practices with 37 years of experience.

The first day starts at 8 am, Thursday March 20 at the Eagles on 608 Wynne Street in Colville, Washington. Friday, March 21, is a field day at Boise's log yard where fifty test logs will be pre-numbered and ready for individual scaling. Lunch will be served Thursday and a no host lunch on Friday. The instruction for the Scaling School will be based on the National Forest Log Scaling Handbook (Revised for Eastern Washington). An engraved hatchet will be presented to the scaler closest to the base scale set by area check scalers Friday at the Eagles. The test logs will be reviewed in the log yard following the award.

Items you should bring include: a hard hat, reflective vest, scale stick, 50 foot logger's tape, scaler's hatchet, data recorder or scale sheets, National Forest Log Scaling Handbook, and a small calculator.

This year we will be requiring a nominal attendance fee of **\$20.00** per participant to help offset meals and other related charges. Checks need to be made out to the **Timber Measurements Society**.
